ESV

1	Then Solomon began to build the house of the LORD in Jerusalem on Mount Moriah, where the LORD had appeared to David his father, at the place that David had appointed, on the threshing floor of Ornan the Jebusite.
2	He began to build in the second month of the fourth year of his reign.
3	These are Solomon's measurements for building the house of God: the length, in cubits of the old standard, was sixty cubits, and the breadth twenty cubits.
4	The vestibule in front of the nave of the house was twenty cubits long, equal to the width of the house, and its height was 120 cubits. He overlaid it on the inside with pure gold.
5	The nave he lined with cypress and covered it with fine gold and made palms and chains on it.
6	He adorned the house with settings of precious stones. The gold was gold of Parvaim.
7	So he lined the house with gold- its beams, its thresholds, its walls, and its doors- and he carved cherubim on the walls.
8	And he made the Most Holy Place. Its length, corresponding to the breadth of the house, was twenty cubits, and its breadth was twenty cubits. He overlaid it with 600 talents of fine gold.
9	The weight of gold for the nails was fifty shekels. And he overlaid the upper chambers with gold.
10	In the Most Holy Place he made two cherubim of wood and overlaid them with gold.
11	The wings of the cherubim together extended twenty cubits: one wing of the one, of five cubits, touched the wall of the house, and its other wing, of five cubits, touched the wing of the other cherub;
12	and of this cherub, one wing, of five cubits, touched the wall of the house, and the other wing, also of five cubits, was joined to the wing of the first cherub.
13	The wings of these cherubim extended twenty cubits. The cherubim stood on their feet, facing the nave.
14	And he made the veil of blue and purple and crimson fabrics and fine linen, and he worked cherubim on it.
15	In front of the house he made two pillars thirty-five cubits high, with a capital of five cubits on the top of each.
16	He made chains like a necklace and put them on the tops of the pillars, and he made a hundred pomegranates and put them on the chains.
17	He set up the pillars in front of the temple, one on the south, the other on the north; that on the south he called Jachin, and that on the north Boaz.

NIV

1	Then Solomon began to build the temple of the LORD in Jerusalem on Mount Moriah, where the LORD had appeared to his father David. It was on the threshing floor of Araunah the Jebusite, the place provided by David.
2	He began building on the second day of the second month in the fourth year of his reign.

3	The foundation Solomon laid for building the temple of God was sixty cubits long and twenty cubits wide (using the cubit of the old standard).
4	The portico at the front of the temple was twenty cubits long across the width of the building and twenty cubits high. He overlaid the inside with pure gold.
5	He paneled the main hall with pine and covered it with fine gold and decorated it with palm tree and chain designs.
6	He adorned the temple with precious stones. And the gold he used was gold of Parvaim.
7	He overlaid the ceiling beams, doorframes, walls and doors of the temple with gold, and he carved cherubim on the walls.
8	He built the Most Holy Place, its length corresponding to the width of the temple-twenty cubits long and twenty cubits wide. He overlaid the inside with six hundred talents of fine gold.
9	The gold nails weighed fifty shekels. He also overlaid the upper parts with gold.
10	In the Most Holy Place he made a pair of sculptured cherubim and overlaid them with gold.
11	The total wingspan of the cherubim was twenty cubits. One wing of the first cherub was five cubits long and touched the temple wall, while its other wing, also five cubits long, touched the wing of the other cherub.
12	Similarly one wing of the second cherub was five cubits long and touched the other temple wall, and its other wing, also five cubits long, touched the wing of the first cherub.
13	The wings of these cherubim extended twenty cubits. They stood on their feet, facing the main hall.
14	He made the curtain of blue, purple and crimson yarn and fine linen, with cherubim worked into it.
15	In the front of the temple he made two pillars, which together were thirty-five cubits long, each with a capital on top measuring five cubits.
16	He made interwoven chains and put them on top of the pillars. He also made a hundred pomegranates and attached them to the chains.
17	He erected the pillars in the front of the temple, one to the south and one to the north. The one to the south he named Jakin and the one to the north Boaz.

NLT

1	So Solomon began to build the Temple of the LORD in Jerusalem on Mount Moriah, where the LORD had appeared to David, his father. The Temple was built on the threshing floor of Araunah the Jebusite, the site that David had selected.
2	The construction began in midspring, during the fourth year of Solomon's reign.
3	These are the dimensions Solomon used for the foundation of the Temple of God (using the old standard of measurement). It was 90 feet long and 30 feet wide.
4	The entry room at the front of the Temple was 30 feet wide, running across the entire width of the Temple, and 30 feet high. He overlaid the inside with pure gold.
5	He paneled the main room of the Temple with cypress wood, overlaid it with fine gold, and decorated it with carvings of palm trees and chains.
6	He decorated the walls of the Temple with beautiful jewels and with gold from the land of Parvaim.
7	He overlaid the beams, thresholds, walls, and doors throughout the Temple with gold, and he carved figures of cherubim on the walls.
8	He made the Most Holy Place 30 feet wide, corresponding to the width of the Temple, and 30 feet deep. He overlaid its interior with 23 tons of fine gold.
9	The gold nails that were used weighed 20 ounces each. He also overlaid the walls of the upper rooms with gold.
10	He made two figures shaped like cherubim, overlaid them with gold, and placed them in the Most Holy Place.

11	The total wingspan of the two cherubim standing side by side was 30 feet. One wing of the first figure was 7-1/2 feet long, and it touched the Temple wall. The other wing, also 7-1/2 feet long, touched one of the wings of the second figure.
12	In the same way, the second figure had one wing 7-1/2 feet long that touched the opposite wall. The other wing, also 7-1/2 feet long, touched the wing of the first figure.
13	So the wingspan of the two cherubim side by side was 30 feet. They stood on their feet and faced out toward the main room of the Temple.
14	Across the entrance of the Most Holy Place he hung a curtain made of fine linen, decorated with blue, purple, and scarlet thread and embroidered with figures of cherubim.
15	For the front of the Temple, he made two pillars that were 27 feet tall, each topped by a capital extending upward another 7-1/2 feet.
16	He made a network of interwoven chains and used them to decorate the tops of the pillars. He also made 100 decorative pomegranates and attached them to the chains.
17	Then he set up the two pillars at the entrance of the Temple, one to the south of the entrance and the other to the north. He named the one on the south Jakin, and the one on the north Boaz.

KJV

1	Then Solomon began to build the house of the LORD at Jerusalem in mount Moriah, where the LORD appeared unto David his father, in the place that David had prepared in the threshingfloor of Ornan the Jebusite.
2	And he began to build in the second day of the second month, in the fourth year of his reign.
3	Now these are the things wherein Solomon was instructed for the building of the house of God. The length by cubits after the first measure was threescore cubits, and the breadth twenty cubits.

4	And the porch that was in the front of the house, the length of it was according to the breadth of the house, twenty cubits, and the height was an hundred and twenty: and he overlaid it within with pure gold.
5	And the greater house he cieled with fir tree, which he overlaid with fine gold, and set thereon palm trees and chains.
6	And he garnished the house with precious stones for beauty: and the gold was gold of Parvaim.
7	He overlaid also the house, the beams, the posts, and the walls thereof, and the doors thereof, with gold; and graved cherubims on the walls.
8	And he made the most holy house, the length whereof was according to the breadth of the house, twenty cubits, and the breadth thereof twenty cubits: and he overlaid it with fine gold, amounting to six hundred talents.
9	And the weight of the nails was fifty shekels of gold. And he overlaid the upper chambers with gold.
10	And in the most holy house he made two cherubims of image work, and overlaid them with gold.
11	And the wings of the cherubims were twenty cubits long: one wing of the one cherub was five cubits, reaching to the wall of the house: and the other wing was likewise five cubits, reaching to the wing of the other cherub.
12	And one wing of the other cherub was five cubits, reaching to the wall of the house: and the other wing was five cubits also, joining to the wing of the other cherub.
13	The wings of these cherubims spread themselves forth twenty cubits: and they stood on their feet, and their faces were inward.
14	And he made the vail of blue, and purple, and crimson, and fine linen, and wrought cherubims thereon.
15	Also he made before the house two pillars of thirty and five cubits high, and the chapter that was on the top of each of them was five cubits.
16	And he made chains, as in the oracle, and put them on the heads of the pillars; and made an hundred pomegranates, and put them on the chains.
17	And he reared up the pillars before the temple, one on the right hand, and the other on the left; and called the name of that on the right hand Jachin, and the name of that on the left Boaz.
