

# Daniel 2:40

|        |                                                                                                                                                                                        |
|--------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hebrew | ומלכו רביעיה רביעאה תהוּא תקיפה כפרזלא כל קבל די פרזלא מהדק וחשל פלא וכפרזלא די מרעע כל אליו תדק ותרע                                                                                  |
| ESV    | And there shall be a fourth kingdom, strong as iron, because iron breaks to pieces and shatters all things. And like iron that crushes, it shall break and crush all these.            |
| NIV    | Finally, there will be a fourth kingdom, strong as iron-for iron breaks and smashes everything-and as iron breaks things to pieces, so it will crush and break all the others.         |
| NLT    | Following that kingdom, there will be a fourth one, as strong as iron. That kingdom will smash and crush all previous empires, just as iron smashes and crushes everything it strikes. |

|  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
