Hebrew	hebrew The Hebrew את word does not have a corresponding word in English. In Hebrew, it is a marker of the accusative, i.e. the word following it is the object of the sentence. It only ever occurs in conjunction with nouns associated with the definite article ה.Genesis 1:1 אֲשֶׁר כָּבַד עֲשׂוּהוּ
ESV	So I turned to consider wisdom and madness and folly. For what can the man do who comes after the king? Only what has already been done.
NIV	Then I turned my thoughts to consider wisdom, and also madness and folly. What more can the king's successor do than what has already been done?
NLT	So I decided to compare wisdom with foolishness and madness (for who can do this better than I, the king?).
