| Hebrew | <p>קָרַבּ <span>plugin-autotooltip__default plugin-autotooltip_big</span> קָרַבּוּ<br/>         hebrew<br/>         Meaning<br/>         * Midst * Among * Within * Inwardly * The centre, whether literal, figurative or adverbial<br/>         Masculine noun. Occurs over 250 times in the Old Testament.<br/>         From the root קָרַב, meaning “to come near, approach.” So קָרַבּ is a noun form built from the verb Exodus 17:7 Psalm 103:1 יֵשִׁים אֶרְבּוֹ</p> |
| ESV    | Therefore thus says the LORD of hosts: “Behold, I will refine them and test them, for what else can I do, because of my people?”                                                                                                                                                                                                                                                                                                                                           |
| NIV    | Therefore this is what the LORD Almighty says: “See, I will refine and test them, for what else can I do because of the sin of my people?”                                                                                                                                                                                                                                                                                                                                 |
| NLT    | Therefore, this is what the LORD of Heaven's Armies says: “See, I will melt them down in a crucible and test them like metal. What else can I do with my people?”                                                                                                                                                                                                                                                                                                          |
